

# Oklahoma Territorial Marshals

## Motorized Vehicle Request Form

Due to the number of competitors for Land Run and the limited space on the main stage road, no motorized vehicles (golf carts, etc.) will be allowed on stage road (stages 5-12). Your carts will be allowed on the lower road and the side roads which are shown on the map below. This does not apply to the area around stages 1-4.

Any vehicle being used as a gun cart during the main match and side matches will require advance approval by the Match Committee. This does not pertain to the use of such vehicles at times other than during the match. Drivers of vehicles must have a valid driver's license.
